# YOUR COFFEE STORY BEGIN

Kintamani Coffee

## Coffee Origin

### Kintamani Village

---

Kintamani is highland (about 1.500 meters above sea level) so coffee plants can grow lush in the area.

Species coffee in Kintamani is Arabica Coffee. it has distinctive taste, **like a fresh sour of orange**. Local people often called as Kopi Bali.

It's distinctive taste is believed to come from local people's habits of growing oranges near coffee plantation. However, Kintamani coffee remains the choice of coffee lovers.

## Coffee Planting Process

### Kintamani Coffee Plantation

---

in agriculture, Balinese people apply Subak - a traditional irrigation system for rice fieds and plantation. Including in Kintamani, local peoples also apply it for coffee plantation.
